

# CREATE AND CONFIGURE IBM CLOUD SERVICES

(IBM Watson, Node-Red)

Date	06 Nov 2022
Team ID	PNT2022TMID25653
Project Name	Industry-specific intelligent fire management system
Maximum Marks	8 Marks

## Node-Red :

The screenshot displays the IBM App Development console interface. The main heading is "Node RED VVDVP 2022-11-05". Below this, there are several sections:

- Details:** App URL: <https://node-red-vdvp-2022-11-05.eu-gb.mybluemix.net>, Source: <https://us-south.git.cloud.ibm.com/mathavanj15/NodeREDVV...>, Resource group: Default, Deployment target: Node RED VVDVP 2022-11-05, Created: 11/5/2022.
- Services:** A section for managing services, currently showing "Cloudant" with links for "Open dashboard", "Documentation", and "API reference". There are buttons for "Connect existing services" and "Create service".
- Deployment Automation:** A section showing deployment details. It includes a "Name" field with the value "NodeREDVVDVP2022-11-05", a "Location" field with the value "Dallas", and "Tool integrations". Below this, there are "Delivery Pipelines" listed: "pr-pipeline" (Status: No stages detected) and "ci-pipeline" (Status: Success).
- Getting started quickly:** A sidebar on the right with a "Configuring your app" section. It provides instructions on how to connect services, download code, and deploy the app.

The bottom of the screenshot shows the Windows taskbar with various application icons and the system clock indicating 10:45 on 05-11-2022.
